

**REMARKS**

Applicant appreciates the Examiner's attention to this Application. Applicant also appreciates the Examiner's courtesy in providing a telephone interview on June 19, 2007.

The Office Action rejects all pending claims (i.e., claims 42-60) of the present application on the basis of the judicially created doctrine of obviousness-type double patenting.

The Office Action also objects to the specification. In the telephone interview, the Examiner explained that the objection was made because Applicant did not supply the necessary information under the heading "Cross-Reference to Related Applications."

This Response amends the specification to include the necessary information. This Response is also accompanied by a Terminal Disclaimer to overcome the double patenting rejections.

**CONCLUSION**

For all of the foregoing reasons, reconsideration of the present application is respectfully requested.

If the Examiner has any questions, the Examiner is invited to contact the undersigned at (512) 732-3927.

Respectfully submitted,

Dated: June 22, 2007
